### SHAKE-makase

An experience unlike any other, this cocktail omakase experience is a chance to flex our creative minds, and put Sam and his team of bartenders to the test. What are your favourite concoctions? Have a crazy cocktail idea you've always wanted to try? Tell us and we will make it happen. Serious drinkers only.

### Treasure Chest

This one's for all the gin lovers. We're not exactly boasting, but our extensive collection of Japanese craft gins is here to wow. Don't be shy to ask for access, we'll be more than happy to give you the key.

### House-Made Ingredients

Sam enjoys the craft of making ingredients from scratch, making our cocktails even more unique. From making his own chocolate to tonic water, infusing spirits, clarifying tomato juice and even creating clear Coca-Cola, there's something truly special for you to savour with every sip.

### Signature Classics
